

It's now half way through September so here's a progress report for the Spay the Strays donor match. We have received money from 26 people for a total of \$2,297.00. That is 46% of our goal! We would like to give our sincere thanks to each person who contributed to this. When that amount is doubled by our sponsor, we will have \$4594. That is so significant because in March, we paid Spay Panama \$4585 to spay and neuter 214 animals for our annual big blitz in Gorgona

. All other monies we raise help to fund the smaller clinics that we do in villages throughout the beach and mountain area. Currently, we are planning a clinic on the 24th in Picacho

and then we have 65 animals on a waiting list from our last clinic in Chame

. If you would like to help with this effort, remember your donation will be doubled until 30 September. Just send an email to

spaythestrays@gmail.com

or call Mary at 6590-4498, Sheila at 6656-9929, or Barb at 6630-8630. If it is easier, you can drop an envelope off at Mailboxes, ETC with Mary's name on it. Thank you for your ongoing support!
